**Can you spare one evening each half term to help make Swift a better school?**

**Do you want to make a real difference to our children's lives?**

If so, you would make a perfect Parent Governor. We already have an amazing Governing Body full of people from many different backgrounds who all are able to make valuable contributions as we move forward to becoming the very best school we can be.

**BUT, we are missing a member of our own parental community to complete the team.**

The Local Governing Body meets with the Principal one evening each half term at Swift and looks at the progress the school is making. The usual times are 5pm to 7pm.

No background in education is needed; all we are looking for is someone who cares deeply about Swift and wants to make a difference.

If this sounds like you, please pop into reception before Monday 14<sup>th</sup> March and give your details. Tina Alexandrou, the Chair of the Local Governing Body will then be in touch to talk it through with you and give you a flavour of the meetings and the role.

*Dream, Believe, Achieve*
