The Coronavirus is a virus that can make people feel unwell. It can also be called "COVID-19".
People who have the Coronavirus may have:

- Sore Throat
- Dry Cough
- Shortness of breath
- Fever

Most people who have the Coronavirus will stay at home to get better.

Some people who have the Coronavirus will go to the hospital to get better.

Most people who have the Coronavirus will stay at home to get better.
I can help stop the spread of germs by washing my hands with soap and water.

If I can't use soap I can use Hand Sanitizer.

If School will reopen again.

There will be NO School for ________.
I will stay at home while school is closed.

I will complete school-work/homework while I am at home.

I will be safe and happy at home with my family.

I know that I will be safe and I don't have to feel afraid.
Amanda (The Autism Educator)

Many thanks

If you require additional factual information, please go to the following:
Information about the Coronavirus provides limited specific information.
It is a social story and by its very nature provides diagnostic tool for the Coronavirus.

Please note that this document is not a diagnostic tool for the Coronavirus.

For Parents/Caregivers

Once the Coronavirus is gone I will be able to go to my favourite places again.
I will not be able to go to my favourite places for now.
